

## Marine species and Atlas (second volume) Atlas of marine life (1): the prokaryotes bounded native biosphere (1)(Chinese Edition)

HardCover. Pub Date: 2012 Pages: 429  
Language: Chinese Publisher: Ocean Press  
marine species and Atlas (scroll down)  
China Atlas of marine life (1): the  
prokaryotes sector native biosphere (1) is  
the fruits of Chinas offshore marine survey  
and evaluation (908 special) results  
integration tasks (908.ZC. -02). but also the  
types of marine life in China and  
distribution (early 1994 edition. 2001  
English Edition. an updated version of  
2008) the continuation and deepening of:  
now contains most marine species.  
illustrated books; 112 experts of the 44  
units of the domestic and foreign labor  
crystal. Marine species and Atlas (scroll  
down) Atlas of marine life (1): the the  
prokaryotes sector the Protista (1) points  
the next two volumes. On volume marine  
species diversity. with more than 28.000  
species. points on the next two. The next  
volume Atlas of marine life. containing  
18.000 s...
