

Getting There (Early Reader)

A picture book collaboration with World Vision that celebrates life the world over! From the moment we take our first steps, it seems we are always on the move. Pictured here are the many and unusual ways we get around. Whether they go on their own two feet, by wheeled vehicle, water craft, animal power, or by air, children find some unorthodox and truly imaginative ways to get there. This delightful series is the result of the collaboration between Tundra Books and World Vision Canada to bring an array of exceptional photos from around the world to very young children. Each book centers on a universal theme, familiar by its very nature, yet new due to faraway settings and ethnic, cultural, and socio-economic diversity. Each remarkable photo essay will foster discussion, observation, and many smiles as children compare and contrast their own experience to that of others. Watch for further books in this series.
