

Abundant Simplicity: Discovering the Unhurried Rhythms of Grace

Which activities give you energy and connect you with God? Do you know what behaviors are life-draining for you, separating you from God? Simplicity is about choosing the engaging, relational life we were meant to live. It means shedding obligation and pretension. It means spending time, energy, money in ways that help us become clear-headed. It means being intentional about what we do and how we live. These choices allow God's power to move through us and bless others as we have space to do good. In each chapter Jan Johnson provides small experiments with simplicity as well as questions for discussion or reflection to get you started. Come and discover the unhurried rhythms of grace.
