

Driving Lessons

Originally published in 1894. A well illustrated and respected book of advice on the art of carriage driving. Contents include: The Four Horse Whip and the Way to Use it - Reins - Carriage Equipment - The Start - The Point - The Stop - Turning Right and Left - Driving Through Gateways - How to Back - Passing etc. Many of the earliest equestrian books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.
