

Minecraft: The Super Mob Squad: Book 2: Hunted & Wanted (An Unofficial Minecraft Adventure Series) (Minecraft, Minecraft Secrets, Minecraft Book For K)

Continue the story of Minecraft's first Super Heroes! UPDATE ON CONTENT - NOW WITH PICTURES! The Super Mob Squad saw amazing success. With the loss of one of their team and the disappearance of another, the three remaining members try to pick up the pieces and move on with their lives. Opening the book with a wedding that we all saw coming (but wanted anyways) things quickly go sideways. Soon Punchy, Bones, and Spinstress find themselves on the outs with their community again just as the shadowy Zombies in Shades recruit them for a special task force. The team doesn't know that this is going to be the start of one of their biggest challenges yet. When the attack hits, the team is scattered. Punchy finds himself in the dreaded Nether with one of the most ferocious monsters on his tail. Bones and Spinstress find themselves facing some of their greatest enemies and one unexpected twist. With the appearance of an old friend, the Super Mob Squad is now faced with saving the Overworld again from the clutches of a mad man who would destroy it all just to rule it. Will they be able to save the day this time? Or is it lights out for Punchy and his pals? Join The Super Mob Squad in this thrilling sequel! The world of Minecraft will never be the same! Comments From Other Readers This book was awesome! I read the first one and I couldn't wait to get this one too. Punchy and his friends are heroes and they save the world and everything. I wish they would make this into a movie but the books are really cool. I can't wait to read more! - Thomas (Deleware, United States) Anything that gets kids to read is a good thing. I'm a mom and a teacher. One of the biggest challenges that many teachers face is getting children excited about learning and part of that goes towards reading as well. My two children both love Minecraft and I know my students their age do as well. The game

itself inspires a level of creativity that I can appreciate. Books such as this one grabs their attention with good story lines and a creative approach. My kids love it! Theyre excited to read more about Punchy and his pals. - Vanessa (Ontario, Canada) Tags: Tags: Minecraft, zombies, mobs, super hero, spider, Enderman, Minecraft creeper, computer games, gamer, xbox, adventure story, zombie, Minecraft Steve, unofficial minecraft book, minecraft book, childrens book, children story, adventure story, minecraft secrets, crafting, minecraft handbook, miner, herobrine, building tips, trapped in minecraft, minecraft jokes, enderspider, enderdragon, minecraft skeleton
