

Lumina - New Lumina

A beautiful little book of brief meditations on the love of God by the Swiss spiritual writer, mystic and medical doctor von Speyr. These short insights are fruits of Adriennes contemplative prayer that reflect her constant quest for an ever deeper union with God, a union of divine and human love that is shown in her life by her great compassion for others as seen in her tireless devotion to her many medical patients. She knew that in order to best serve others she must first serve and love God with all her heart, and thus her life and writings reveal the combination of a deep spiritual and practical approach to the meaning of love as seen in these wonderful, uplifting reflections that echo the inmost mystery of Christianity.
