

Possession, Exorcism, and Hauntings shares the perspective of a modern religious demonologist on the spiritual world and how we interact with it. After almost ten years Adam Blai has gone from researching the brain to being a Peritus of religious demonology and exorcism for the Roman Catholic Church. He is also an auxiliary member of the International Association of Exorcists. He now trains priests in exorcism nationally and consults on cases from around the world. The public side of his ministry is outreach with straightforward information that was almost lost in recent generations.
