

# PERFECTION: A Guide to Revision and Finishing A Work To Be Abandoned Forever (Handbooks for the Soul for Writers and Readers)

PERFECTION shows the reader/writer what one leaves out of ones writing, and so short-changes it, and what one might well put in to bring a work to full bloom, a bit of gardening that may take some time. Newlove demonstrates with five complete versions of the same plot (spanning over fifty years of his career), with each retelling layering on plenty of fresh mulch until at last the story reaches perfection--- and may now be abandoned forever. You think youve wrapped up your greatest short story? Watch what happens here. PERFECTION is also a study of alcoholism and the minds, motives and delusions of alcoholics. By its very existence, PERFECTION is proof that recovery is possible, that our bottoms can be learning experiences, and that life can be beautiful and useful and cherished long after the last drink has been drained.
